Greetings to you all!

The enclosed packet contains the information you will need for the 2010 Area 1 Envirothon competition. Each year the packet seems to grow – rules are reviewed, new forms added, etc... We thought it would be helpful to put together a checklist for your use, to help ensure the necessary items are noted and returned with your registration. We hope you find this helpful!

Looking forward to seeing you on April 28, 2010!

- Have you reviewed the rules?
- Have you completed and signed the registration form (*only one team per form*) - including names of alternates?
- Have you included the release form and medical form for each of your team members?
- Have you included the release form and medical form for yourself?
- Have you verified the T-shirt sizes needed by your students and one advisor?
- Teams without medical release forms will not be allowed to participate.
- Registration, medical and release forms along with payment must be received by March 5, 2010.**

REMEMBER THE DEADLINE TO REGISTER IS MARCH 5, 2010!!!
